- Helps eliminate static cling
- Makes ironing easier
- Great for towels, nappies and woollens

### Pack Sizes

200L Code—6149

15L Code—5725

5L Code—5315

If you have trouble with a product, contact your Sales or Technical Representative to discuss your problem.

NOT TO BE USED FOR ANY OTHER PURPOSE. DO NOT MIX WITH OTHER CHEMICALS. ALWAYS ADD CHEMICALS TO WATER. NOT WATER TO CHEMICALS.

### Description

This concentrated softener is used for laundry rinse cycles. This product is a cationic softener which, when added to the final rinse cycle of the washing machine, greatly adds to the feel and life of all fabrics.

It also reduces drying time and is suitable in hard or soft water. Fabric Softener helps to eliminate static cling and makes ironing easier.

This product is especially recommended for soft and fluffy towels, nappies and woollens.

### Directions For Use

**Automatic Machines**—Add 2 caps at the beginning of the final rinse.

**Hand Washing**—Add ½ to 1 cap to the final rinse.

Do not use this product with bleaches, starch or water softeners as the performance of the product may be reduced.

### Reference

1. Technical Specification Sheet: for chemical composition
2. Material Safety Data Sheet: For active ingredient and any safety measures.
3. Container Label: For safety, first aid and general directions and uses.

### Safety

Not considered a hazardous product. Keep out of reach of children.

If swallowed seek medical advice.

### First Aid

If poisoning occurs contact a Doctor or the Poisons Information Centre. If swallowed do NOT induce vomiting, give water or milk. If skin contact occurs wash affected area and remove clothing. If in eyes, hold eyes open and flood with water for a minimum of 15 minutes. Call a Doctor.
