

SUPER SC

Super SC has been especially formulated for the removal of heavy fat, grease and oil on surfaces such as metal, concrete, plastic, rubber and aluminium.

Super SC is a special blend of water soluble solvents and surfactants, giving it a versatile cleaning application from the removal of cooking grease from food preparation areas to the removal of body fats and soap scum from showers. Super SC is an excellent water soluble non-flammable degreaser for the cleaning of grime and oil from machinery, with its low foam characteristics making it suitable for use through hand pumps and high pressure equipment.
