

PROTON WASH

Proton Wash is a specially formulated industrial strength detergent designed for the removal of non-water soluble stains such as heavy grease and oil.

This product provides an alkaline break in the wash to seek out grease and other stains not normally soluble in conventional detergents. Proton Wash is an all-round good detergent, and will not have any adverse effects on waste systems. Proton wash is highly effective in hot wash cycles, and is great for overalls, work uniforms, tea towels and other dirty laundry.

FEATURES & BENEFITS

Removes non-soluble stains

Can be used as a laundry detergent

Suitable for warm water

Contains no solvents or caustic

FIRST AID & SAFETY

Considered a hazardous product as alkaline and irritating to skin and eyes. Wear gloves and eye protection when handling. Keep out of reach of children. If swallowed seek medical advice.
