

DISH MACHINE LIQUID

Dish Machine Liquid is a highly concentrated alkaline cleaner especially formulated for the cleaning of crockery, glasses and cutlery in automatic dishwashing units.

Dish machine liquid contains a descaling agent to help keep your machine sparkling clean, saving you significant time and money.

FEATURES & BENEFITS

-  Highly Concentrated for economical use
-  Contains descaling agent
-  Versatile use in domestic or commercial machines
-  Saves time and money

DIRECTIONS FOR USE

For best results use in- conjunction with an automatic dispenser. If the dish machine unit is not equipped with an automatic dispenser then the product may be hand dosed. For initial fill add 125mls (1/2 cup) per 10L of water into the wash tank. Then to maintain add 20ml (1 tablespoon) of liquid every 3 washes.

Ensure that the tank is emptied and cleaned at the end of each shift.

Use in conjunction with Nowchem Rinse Aid to assist in streak free drying of plates, glassware and cutlery.

Not to be used for any other purpose. Do not mix with other chemicals.

FIRST AID & SAFETY

This product is highly alkaline. Avoid contact with skin and eyes. Wear protective gloves and eye protection when handling. This product should be used by trained personnel. Do not mix with other chemicals. Ensure PPE is worn during drum changeovers on dosing equipment in case of splashing. If poisoning occurs contact a Doctor or the Poisons Information Centre. If swallowed do NOT induce vomiting, give water. If skin contact occurs wash affected area and remove clothing. If in eyes, hold eyes open and flood with water for a minimum of 15 minutes. Call a Doctor. Refer to Safety Data Sheet for more information.
