

EUCA CLEAN

Euca Clean is a powerful and effective solution designed for the cleaning and maintenance of toilet, baths, showers, and washrooms.

Its unique formula combines the power of three acids with Eucalyptus oil and is great at reducing uric acid build ups, irons stains and water marks often associated with wet areas. Euca Clean is also thickened to provide excellent cling type properties to toilet bowls and urinals and can be diluted down for floor cleaning, shower and bath cleaning and for the cleaning of tiled surfaces. With a pleasant fresh Eucalyptus fragrance, Euca Clean will not only give you a great clean but remove unwanted smells.

FEATURES & BENEFITS

Powerful performance and economical in use

Fresh Eucalyptus Fragrance

Thickened for easy use

DIRECTIONS FOR USE

Recommended Dilution: Dilute 20mls per 1L with potable water. Apply to items such as showers, bath tubs, basins and hard surfaces. Scrub with brush, Eager Beaver, sponge or other cleaning apparatus to enable product to foam. Leave for 5 minutes and flush with potable water. Re-apply if necessary.

For urinals and toilets bowls: apply neat to enable concentrate to remove stains and acid residues. Concentrations may change as necessary per application.

Use caution with application, test small area prior to use to ensure satisfactory results.

PLEASE NOTE: Do NOT use on painted surfaces, aluminium or alloys as discolouration may occur.

FIRST AID & SAFETY

Considered a hazardous product. Avoid contact with skin and eyes. Wear gloves and eye protection when handling. Keep out of reach of children. If swallowed seek medical advice. If poisoning occurs contact a Doctor or the Poisons Information Centre. If swallowed do NOT induce vomiting, give water. If skin contact occurs wash affected area and remove clothing. If in eyes, hold eyes open and flood with water for a minimum of 15 minutes. Call a Doctor. Refer to Safety Data Sheet for more information.
