

NAPPY WASH

Nowchem Nappy Wash is a gentle oxygen based powdered formula for the removal of stains.

Nappy Wash will not cause colours to run, and is a great booster for a regular wash or an effective soaker for whites and nappies before washing. Oxy based cleaners provide excellent performance and antibacterial properties in use. Nappy Wash contains enzymes and 5% available chlorine to increase performance.

FEATURES & BENEFITS

Safe on colours

Easy to dissolve

Oxygen based, enzyme enriched

Biodegradable

FIRST AID & SAFETY

Considered a hazardous product and contact with skin and eyes should be avoided. Keep out of reach of children. If swallowed seek medical advice. If poisoning occurs contact a Doctor or the Poisons Information Centre. If swallowed do NOT induce vomiting, give water and contact a doctor. If skin contact occurs wash affected area and remove clothing. If in eyes, hold eyes open and flood with water for a minimum of 15 minutes. Call a Doctor. Refer to Safety Data Sheet for more information.

DIRECTIONS FOR USE

Soaking: For soaking add 50g per 5L of warm water. Leave to soak for 3-24 hours. Ensure change/washout of nappy wash buckets after each soak.

Wash: In the wash add 30g to a 6kg wash to boost washing performance.
