

NOWCHEM GREEN DISINFECTANT

Nowchem Green Disinfectant is made from biodegradable ingredients using oxygen activated sanitiser this pleasant fruity scented sanitiser is strong at killing associated bacteria found on hard surfaces.

This product is powerful against the bad bugs yet gentle to the environment offering a safe alternative to sanitising surfaces.

FEATURES & BENEFITS

Contains Hydrogen Peroxide to control bacteria

Ideal for septic systems and onsite water management systems

Versatile and safe on most surfaces

Fresh fragrance with multiple uses

DIRECTIONS FOR USE

For best results dilute 100ml/litre with water and apply to surfaces via a spray bottle or apply to mop bucket and thoroughly apply to surfaces as required. Can use as a spray and wipe on hard surfaces such as laminates, timber and stone at 200ml/litre Allow to dry or rinse with fresh water prior to food service. If surface remains tacky use at a higher dilution rate up to 70ml/litre.

Not to be used for any other purpose. Do not mix with other chemicals.

FIRST AID & SAFETY

Avoid contact with skin and eyes. Wear protective gloves and eye protection when handling undiluted. Do not mix with other chemicals. Ensure PPE is worn during drum changeovers on dosing equipment in case of splashing. If swallowed do NOT induce vomiting, give water. If skin contact occurs wash affected area and remove clothing. If in eyes, hold eyes open and flood with water for a minimum of 15 minutes. Call a Doctor. Refer to Safety Data Sheet for more information.
