# Professional Cleaning Solutions for Hospitality & Food Manufacturing

**Cleanliness is not just about presentation, it's critical to safety, compliance, and customer confidence in every food-focused environment.**

From busy commercial kitchens and food production areas to polished front-of-house dining spaces, Nowchem provides a targeted range of cleaning products designed for the unique needs of hospitality and food manufacturing businesses. Whether you're managing a pub, club, café, restaurant, brewery, bistro, butcher or food processing site, our solutions help maintain the highest standards of hygiene and operational efficiency.

This guide covers our range of powerful detergents, effective sanitisers, alkaline cleaners, and versatile multi-purpose and specialty cleaning products. These formulations are ideal for cleaning and maintaining food preparation areas, dish machine units, bench tops, equipment, and high-traffic customer zones.

Designed to meet food safety regulations and provide outstanding results, Nowchem's commercial-grade products support consistent cleanliness in both front and back-of-house operations—ensuring every surface is hygienic, every impression is positive, and every clean is compliant.

## General Cleaners

### Lime Tuff Detergent

A highly concentrated biodegradable dish washing detergent with a fresh lime fragrance.

### Concentrated Lemon Detergent

A concentrated biodegradable lemon detergent with high foaming properties for maximum performance.

### General Purpose Detergent

A perfume-free, bio-degradable detergent for various applications including food service and manufacturing industries.

### Economy Lemon Detergent
