Additional Services

Contract Manufacturing & Specialty Chemicals

Nowchem manufactures a range of chemical products for industry, the home and specialised applications on a contract manufacturing basis under Nowchem Pharma.

The manufacturing facility currently consists of 50 mixing vessels. These vary in size from 200 litres to 20,000 litres. Nowchem has 3 stainless steel reactors that will work under vacuum and temperatures up to 300° Celsius. The plant is generally stainless steel with 1 glass reactor and 1 rubber-lined reactor for Alum Sulphate.

Both raw materials and finished products are stored within the centre. The Warehouse and Distribution Centre are licensed for the storage of Class 8, Class 6, Class 5 and Class 3 dangerous goods.

Nowchem has 4 high-temperature reactors. Sizes are 10,000L, 2,400L, 1,200L, and a 3000L glass-lined vessel. Reactors are serviced by a gas-fired heating system.

The company can make your formula or help in developing your range of products using our laboratory facilities and Industrial Chemists including but not limited to: Cleaning Products, Industrial Chemicals, Organic Reactions, Wax Emulsions, Polymers, Cosmetics and Pharmaceutical Products.

Chemical Training & Handling

At Nowchem, we believe that safety and knowledge go hand in hand when it comes to working with chemicals. That's why we offer comprehensive product training and handling support to ensure our customers and their teams are confident in the safe and effective use of our products. From correct dilutions and application techniques, SDS reading, safe handling and storage solutions, to disposal practices, our training is tailored to suit a variety of industries and workplace needs.

We also proudly offer a Nationally Recognised Training Program in partnership with Risk Response + Rescue, focusing on Working with Industrial Chemicals. This program provides participants with the essential skills and certification to manage chemical risks responsibly and comply with current safety regulations—making it ideal for anyone working in industrial, commercial, or specialised environments.

If this is of interest to you, please contact your Nowchem Sales Representative, or get in touch with our team at sales@nowchem.com.au or call (02) 4421 4099.
