

LAUNDRY SOUR

Laundry Sour is for use in commercial washing applications to reduce the alkalinity in the rinse after washing with alkaline boosters such as Wash Booster.

This is important for lower irritation, increasing linen life and ensure bleaching is effective. This product has an inbuilt softener to reduce static cling and improve drying time.

FEATURES & BENEFITS

Has inbuilt softener

Gentle on fabric

Low odour formula

Suitable for automatic dosing systems.

FIRST AID & SAFETY

Considered a hazardous product. Avoid contact with skin and eyes. Wear gloves and eye protection when handling. Keep out of reach of children. If swallowed seek medical advice. If poisoning occurs contact a Doctor or the Poisons Information Centre. If swallowed do NOT induce vomiting, give water. If skin contact occurs wash affected area and remove clothing. If in eyes, hold eyes open and flood with water for a minimum of 15 minutes. Call a Doctor. Refer to Safety Data Sheet for more information.

DIRECTIONS FOR USE

Recommended Dilution: 10-15mls per 10kg of wash in the rinse cycle

Test the pH of the fabric to ensure no residual alkalinity.

Consult with your sales representative to help with all your commercial washing requirements.
