When smarter chemistry matters

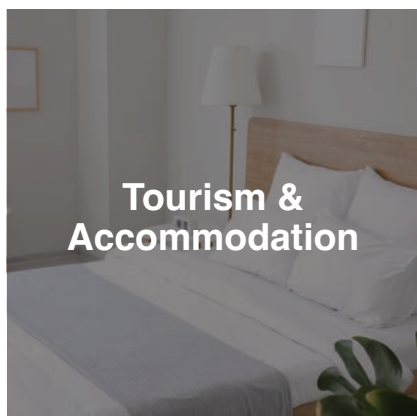

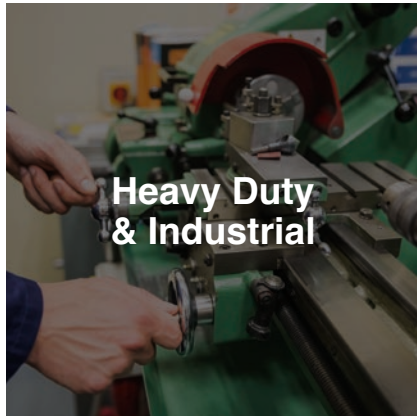

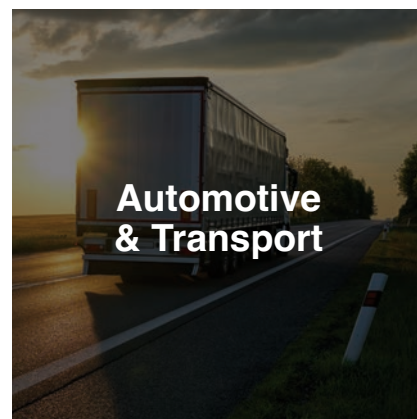

# Chemical Guide

# When smarter chemistry matters

# Serving Every Industry with Smarter Solutions

Our high-performance formulations are trusted by professionals in a wide range of sectors including hospitality, tourism, aged care, education, food manufacturing, commercial laundries, automotive, and industrial operations.

# Proudly Australian. Family owned.

*Since 1977*

**Established by Fay and John Lamont in 1977, Nowchem is an Australian family-owned chemical and pharmaceutical manufacturing business dedicated to creating products that support cleaner, healthier and safer communities.**

From our home in regional NSW, we supply Australian and international markets with high-quality products used across water treatment, cleaning and hygiene, healthcare, pharmaceutical and personal care industries.

## Manufacturing with purpose

The products we manufacture play a role in everyday life, from helping prevent infection and disease to supporting clean drinking water, safer workplaces and healthier homes.

We've continued to invest in our people, facilities and capabilities, combining experience with innovation to meet the changing needs of our customers.

## Proudly regional

Being based in regional Australia is an important part of who we are.

Supporting Nowchem means supporting Australian manufacturing, regional employment and the continued development of our people and local communities.

## Built on family. Focused on the future.

While Nowchem has grown considerably since 1977, our values remain firmly rooted in the family business Fay and John began.

Today, we continue to look forward, developing smarter, more sustainable products and manufacturing solutions while remaining proudly Australian and family owned.

| 1,100KG | NCPRS1250 |                                                                                                                 |

## Hydrogen Peroxide 50%

A powerful oxidising agent which limits the growth and colonisation of bacteria.

| Size | Code     | <br>SDS & Product Info Sheet |
|------|----------|---------------------------------------------------------------------------------------------------------------|
| 20L  | NCHP5025 |                                                                                                               |

## Sodium Metabisulphite

A versatile chemical commonly used as a preservative, antioxidant and reducing agent. It is widely used in food and beverage processing, water treatment and industrial applications to help prevent oxidation, remove excess chlorine and maintain product stability.

| Size | Code   | <br>SDS & Product Info Sheet |
|------|--------|-----------------------------------------------------------------------------------------------------------------|
| 25KG | NCSM25 |                                                                                                                 |

## Oxyper (Sodium Percarbonate)

A powerful, eco-friendly oxygen-based bleaching and cleaning powder that breaks down into water, oxygen, and soda ash. It is widely used for laundry whitening, removing stubborn organic stains, and sanitizing brewing or household equipment.

| Size | Code  | <br>SDS & Product Info Sheet |
|------|-------|-----------------------------------------------------------------------------------------------------------------|
| 25KG | NCO25 |                                                                                                                 |

## Sodium Thiosulphate

A versatile chemical commonly used as a dechlorinating and reducing agent. It is widely used in water treatment, photography and industrial processes to neutralise chlorine and other oxidising agents.

| Size | Code   | <br>SDS & Product Info Sheet |
|------|--------|-------------------------------------------------------------------------------------------------------------------|
| 25KG | NCST25 |                                                                                                                   |

## Potassium Hydroxide

A strong alkaline chemical widely used in industrial and manufacturing applications. It is commonly used in soap and detergent production, pH adjustment, chemical processing, cleaning products, and water treatment due to its high alkalinity and ability to neutralise acids.

| Size | Code   | <br>SDS & Product Info Sheet |
|------|--------|-----------------------------------------------------------------------------------------------------------------|
| 25KG | NCPH25 |                                                                                                                 |

# Laundry

## Laundry Liquids

### Cleaning Vinegar

Powerful cleaning and antibacterial properties provide a safe, non-toxic way to clean and disinfect. 100% biodegradable and environmentally friendly, it helps reduce the need for harsh chemicals.

| Size | Code  |
|------|-------|
| 5L   | 1146A |
| 20L  | 1146C |

SDS &  
Product  
Info Sheet

### Laundry Sour

Is for use in commercial washing applications to reduce the alkalinity in the rinse after washing with alkaline boosters such as Wash Booster.

| Size | Code   |
|------|--------|
| 15L  | NCLS15 |

SDS &  
Product  
Info Sheet

### Hydrogen Peroxide 50%

A powerful oxidising agent which limits the growth and colonisation of bacteria.

| Size | Code     |
|------|----------|
| 20L  | NCHP5025 |

SDS &  
Product  
Info Sheet

### Liquid Bleach 4%

A diverse whitening sanitiser and antimicrobial agent used in bathroom and laundry applications.

| Size | Code   |
|------|--------|
| 5L   | NCLB5  |
| 15L  | NCLB15 |

SDS &  
Product

### Liquid Laundry

A concentrated multipurpose laundry detergent that contains no perfume to reduce irritation, making it safe in food manufacturing plants. Suitable for both front and top loaders.

| Size | Code   |
|------|--------|
| 5L   | NCLL5  |
| 15L  | NCLL15 |

SDS &  
Product  
Info Sheet

## Proton Wash

An industrial-strength detergent designed for the removal of non-water soluble stains such as heavy grease and oil such as overalls and tea towels.

| Size | Code    |
|------|---------|
| 5L   | NCPW5   |
| 15L  | NCPW15  |
| 200L | NCPW200 |

SDS & Product Info Sheet

## Wash Booster

A highly concentrated alkaline cleaner is specially formulated for increasing the alkalinity of the wash to effectively remove heavy soilings such as oil, grease, fats, proteins and blood.

| Size | Code    |
|------|---------|
| 5L   | NCWB5   |
| 15L  | NCWB15  |
| 200L | NCWB200 |

SDS & Product Info Sheet

## Wool Wash

A versatile, concentrated, industrial-strength surfactant designed with no perfumes for minimum skin irritation. Wool Wash is suitable for both front and top loaders.

| Size | Code  |
|------|-------|
| 5L   | NCWW5 |

SDS & Product Info Sheet

## Laundry Powders

## Nappy Wash

A gentle oxygen-based powdered formula for the removal of stains on whites and colours.

| Size | Code    |
|------|---------|
| 15KG | NCNAP15 |
| 20KG | NCNAP20 |

SDS & Product Info Sheet

## Sky Blue Laundry Powder

An economical choice for both domestic and industrial use. Suitable for both front and top loaders.

| Size | Code     |
|------|----------|
| 10KG | NCSBLP10 |
| 15KG | NCSBLP15 |
| 25KG | NCSBLP25 |

SDS & Product Info Sheet

## Ultra Green

A high-quality laundry powder suitable for both domestic and industrial use. Excellent for general washing, and stain removal as well as dirty or oily items such as tea towels.

| Size | Code     |
|------|----------|
| 10KG | NCUGLP10 |
| 15KG | NCUGLP15 |

SDS & Product Info Sheet

# Personal Care

## Alcohol Plus Hand Gel

An alcohol-based hand sanitiser for use on most skin types to control the spread of germs and bacteria associated with and transmitted via the hands.

| Size      | Code      |
|-----------|-----------|
| 6 x 500ML | NCAPHG500 |
| 5L        | NCAPHG5   |

SDS &  
Product

# Dilution & Dispensing Systems

## Dilution Systems

### Dema Fusion Pro

The next generation housekeeping chemical dispensing system. It uses DEMA's pilot activated water valve, a unique design built to operate like a traditional valve but with minimal service requirements.

**Code**

730GE

### Dema Fusion One

Fusion was made for the modern housekeeping environment. The smooth, hard-wearing outer shell quickly catches the attention of users looking for a resilient and durable chemical dispenser. Works with a variety of water connections such as garden hose, brass compression, quick-connect push-on, and barb fittings. Available in 1, 2.5, and 4gpm (4, 9, 15lpm) flow rates

\*Available in six colors: black, blue, green, red, white, and yellow.

**Code**

AVAILABLE ON REQUEST

### Dema Blend Centre

The Blend Center's modular design lets you easily couple together any number of stations to create any system to meet your needs. Mix and match 4L / min and 15L / min.

\*Available in a range of colours. The last 2 digits of the product code will vary depending on the colour.

| Type  | Code         |
|-------|--------------|
| 4LPM  | DEMA633GAPG1 |
| 15LPM | DEMA633GAPG4 |

### Pro Max Dilution Station

ProMax provides the perfect solution for all institutional and light industrial chemical dilution applications.

| Type           | Code         |
|----------------|--------------|
| 1 Product 4L   | PXB1F16S0000 |
| 1 Product 16L  | PXB1F04S0000 |
| 1 Product 30L  | PXB1F30S0000 |
| 4 Products 4L  | PXB4F04S0000 |
| 4 Products 16L | PXB4F16S0000 |

## Sink Washing Systems

### Pro Sink Dilution Station Flex-gap 16L/Min

A chemical dispensing system that automatically and consistently mixes the precise amount of detergent and sanitiser with water by turning a knob, and conveniently filling large sinks with accurate product solutions.

**Code**

PSK1F16U1000

### Dema 302 50ml Hand Pump

The 302 is designed to pump detergent, sanitiser, or other chemicals into a kitchen sink, bottle, machine, or any open container where the chemical is mixed with water.

**Code**

DEMA302 ESP

# Food / Hygeine Wash Systems

## Dema 606T Select-O-Matic

Wall mounted spray and foam dispensers, ball valve actuated. Available in 1 or 2 chemical configurations, with rinse position. Designed for spray and foam applications. The 606T features a stainless steel cover and low profile ball valve handles to optimize label space.

| Code     |  |
|----------|--|
| DEMA606T |  |

## Lafferty LC Foamer

The LC Foamer is a medium volume foam applicator for projecting foaming chemicals on to any surface up close or at a distance. This venturi injection system uses city water pressure (35 - 125 PSI) to draw and blend chemical concentrate into the water stream to create an accurately diluted solution.

| Code     |  |
|----------|--|
| 915105-G |  |

## Dema 606T.2 Spray Station II

Wall mounted spray and foam dispensers, ball valve actuated. Available in 1 or 2 chemical configurations, with rinse position. Designed for spray and foam applications. The 606T.2 feature easy-to-turn large handles for each product and an attractive impact-resistant ABS cover with a large label area for easy product identification.

| Code       |  |
|------------|--|
| DEMA606T.2 |  |

## Lafferty 1035 Ultimate Foam Hose Drop Station

The 1035 Sanitize/Rinse/Ulimate Foam Hose Drop Station is a combination applicator for applying one chemical as foam and another as a high-volume, sanitizing spray and for rinsing. This venturi injection system uses standard city water pressure (35 - 125 PSI) to draw and blend chemical concentrates into the water streams to create accurately diluted solutions using precision metering tips to control chemical usage.

| Code   |  |
|--------|--|
| 914125 |  |

## Seko Pro Wash Product Sprayer

ProWash is a chemical spraying system that constantly and automatically mixes the right quantity of chemicals to clean and sanitise large areas in commercial kitchens, supermarket preparation or food industry plants. Available in one or two products with optional BA disconnector and stainless-steel or plastic hose reel.

| Type      | Code     |
|-----------|----------|
| 1 Product | LB971110 |
| 2 Product | LB971215 |

## Dema Foam Station

Foam Station Dispensers are compressed air foaming systems that use a PVC foamer body, an air pressure gauge with control, and an on/off ball valve to control airflow. The unit is housed in an impact-resistant plastic cover with a large label area for product and use identification.

| Type          | Code     |
|---------------|----------|
| 2 Ball Valves | DEMA692T |
| 3 Ball Valves | DEMA693T |

### Dema Pinnacle

Designed for accuracy and convenience, Pinnacle features one of the quickest installations in the industry and comes ready to use right out of the box.

Code

AVAILABLE ON REQUEST

### Seko Waredose 35

Featuring a modern, clean and professional design, the WareDose 35's polished white casing houses a robust, durable system that's ideally suited to detergent and rinse aid dosing in demanding food service environments.

Code

WDG350

### Dema Titan Pump Liquid Detergent & Rinse

DEMA'S TITAN range of ware wash dispensers was developed to reduce the number of service calls and create a more profitable installation at all types of ware wash accounts. The unit can be set up in concentration, probeless or auto switchover mode depending on the installation requirements.

Code

DEMAT.812.LL

### Nitro Warewash Dispenser

This dispenser line bridges the gap between compact basic dispensers and feature-packed units too large for small kitchens. Nitro has the versatility to be used with or without a probe from the same unit and the flexibility to be used on a single tank, door or conveyor machine.

Code

DEMAN.LL.TA.AUS

## Laundry Systems

### Atlas Premium Commercial Laundry System

The premium on-premise laundry system with a unique modular design that provides the easy addition of up to 7 pumps for greater flexibility. Atlas can accommodate 2 different pump sizes to handle an array of machines, capacities and applications.

Code

DEMA844P.4.JJJJ.U

### Dema 830 Series Single Laundry Product Dispenser

Designed to dispense 1 or 2 products into top loading, coin-operated, and other laundry machines up to 100 lb (45 kg) capacity.

Code

DEMA830K-1-1

## Portable Cleaning Systems

### Dema 925 90L Air Foamer

Features an easy grip on/off ball valve and stainless steel wand to add to the overall ease of use and durability expected.

Code

DEMA925

# 750ML Spray Bottles

Chemical-resistant spray bottle and trigger, supplied empty with your selected Nowchem product label.

Please note: This is the spray bottle only, no chemical product is included.

# Spill Control Equipment

## AusSpill Compliant Hazchem Spill Kits

This kit complies with AusSpill Quality Guidelines for spill response kits. All sorbents in this spill kit have been independently tested to BS7959 to ensure you can meet your legal requirements.

Other sizes available on request.

| Size | Code     |
|------|----------|
| 240L | TSS240EA |
| 120L | TSS120EA |
| 40L  | TSS40EA  |
| 20L  | TSS20EA  |

## Bio-Hazard Spill Kit

The Biohazard Spill Kit is suitable to use with all body fluids including blood, urine and vomit and contains all of the personal protective equipment to minimise the risk of infection occurring during the spill cleanup.

Code

ZTSSBHS

## Dangerous Goods Spill Kit – 205 Litre

A large sized dangerous goods spill kit is designed for use on land in areas where there is a risk of spill of up to 205 litres. The contents of this kit makes it ideal for areas where 205 litre drums are used and decanted. It contains additional PPE and drum repair putty.

Code

TSSDGKEA

## 2 Drum Spill Deck

A low profile 2-drum sump floor only 150mm high moulded from medium density polyethylene that can be used as a stand-alone unit or combined with others to create unlimited bunded areas.

Code

TSSBF2

## Medium Drip Tray 20L

Suitable for most liquids this 20-litre capacity drip tray is made from lightweight, durable polyethylene and provides a simple and safe solution for the storage and handling of smaller drums and containers.

Code

TSSDTM

## Large Drip Tray 45L

Suitable for most liquids this 45 litre capacity drip tray is made from lightweight, durable polyethylene and provides a simple and safe solution to the storage and handling of smaller drums and containers.

Code

TSSDTL

## Drip & Storage Tray 65L

Catch drips, decant and store chemicals safely with this drum spill tray. Made from lightweight, durable polyethylene and provides a simple and safe solution for the storage and handling of smaller drums and containers.

Code

TSSST65

## Drip and Storage Tuff Tray 100L

Catch drips, decant and store chemicals safely with this drum spill tray. Made from lightweight, durable polyethylene and provides a simple and safe solution for the storage and handling of smaller drums and containers.

Code

TSSST100

### 4 Drum Square Spill Deck

This low-profile, corrosion-free polyethylene spill deck is designed to hold 4 x 205L drums. It has a seamless design for maximum sump security.

Code

TSSBF4

### Tuff Storage Tray 110L

Manufactured from 100% polyethylene this 110-litre capacity spill tray has broad chemical compatibility and is ideal for smaller drums and containers.

Code

TSSGPT1

### Single IBC Spill Pallet Dispensing Well

The Single IBC Containment Pallet Dispensing Well can attach to any side of the unit. When the Dispensing Well fills, the overflow is directed into the sump of the TSSBB1.

Code

TSSBB1T

### Tuff Storage Tray 230L

A compact and lightweight spill tray ideal for storing smaller drums and containers. Manufactured from polyethylene for broad chemical resistance this spill tray has a spill capacity of 230 litres.

Code

TSSGPT2

### 4 Drum Spill Pallet

The TSSBP4L 4 drum banded spill pallet is designed to provide a secure 230-litre secondary containment facility for drums of up to 205 litres.

Code

TSSBP4L

### Dual IBC Spill Pallet

Suitable for holding 2 x 1000l IBC tank. Also suitable for 8 x 250l (44gal) drums. Rotomolded from 100% polyethylene. Has excellent broadband chemical resistance and removable non-slip grates.

Code

TSSBB2

### Outdoor Stainless Steel Safety Shower & Eyewash

The AS4775:2007 and ANSI-compliant self-draining emergency safety shower is suitable for use in any area exposed to direct sunlight.

Code

H-D5017BF

### Wall Mounted Economy Eye/Facewash

This wall-mounted stainless-steel eye/face wash unit is designed for indoor use, featuring twin spray nozzles with hygienic pop-off dust covers activated by a push plate.

Code

H-D5020

### Drum Trolley

Suitable for 15 – 25L drums and up to 50kg, this 316-polished stainless steel trolley has smooth gliding wheels, robust design and construction, making it built to last.

Code

LB97155W

## Additional Services

### Contract Manufacturing & Specialty Chemicals

Nowchem manufactures a range of chemical products for industry, the home and specialised applications on a contract manufacturing basis under Nowchem Pharma.

The manufacturing facility currently consists of 50 mixing vessels. These vary in size from 200 litres to 20,000 litres. Nowchem has 3 stainless steel reactors that will work under vacuum and temperatures up to 300° Celsius. The plant is generally stainless steel with 1 glass reactor and 1 rubber-lined reactor for Alum Sulphate.

Both raw materials and finished products are stored within the centre. The Warehouse and Distribution Centre are licensed for the storage of Class 8, Class 6, Class 5 and Class 3 dangerous goods.

Nowchem has 4 high-temperature reactors. Sizes are 10,000L, 2,400L, 1,200L, and a 3000L glass-lined vessel. Reactors are serviced by a gas-fired heating system.

The company can make your formula or help in developing your range of products using our laboratory facilities and Industrial Chemists including but not limited to: Cleaning Products, Industrial Chemicals, Organic Reactions, Wax Emulsions, Polymers, Cosmetics and Pharmaceutical Products.

---

### Chemical Training & Handling

At Nowchem, we believe that safety and knowledge go hand in hand when it comes to working with chemicals. That's why we offer comprehensive product training and handling support to ensure our customers and their teams are confident in the safe and effective use of our products. From correct dilutions and application techniques, SDS reading, safe handling and storage solutions, to disposal practices, our training is tailored to suit a variety of industries and workplace needs.

We also proudly offer a Nationally Recognised Training Program in partnership with Risk Response + Rescue, focusing on Working with Industrial Chemicals. This program provides participants with the essential skills and certification to manage chemical risks responsibly and comply with current safety regulations—making it ideal for anyone working in industrial, commercial, or specialised environments.

If this is of interest to you, please contact your Nowchem Sales Representative, or get in touch with our team at [sales@nowchem.com.au](mailto:sales@nowchem.com.au) or call (02) 4421 4099.

## Delivery & Transportation

Don't have time to drop into our showroom? We offer delivery Australia-wide\* and deliver daily across the Shoalhaven with our own delivery fleet.

| Monday                                 | Tuesday                                  | Wednesday                   | Thursday                               | Friday                                   |

If your delivery location is outside of these regions, please contact our friendly team so they can advise you on the next delivery date to your area\*.

Please be aware your order may take up to 48 hours to process, it is your responsibility to advise our team if urgent delivery is required.

\* Freight charges may apply, please visit our website for delivery terms and conditions.

### Dangerous Goods

Nowchem primarily sells and distributes Dangerous Goods and adheres to the Australian Dangerous Goods Code. Nowchem is unable to leave Dangerous Goods unattended under this Code. You or your representative **MUST** sign for any orders purchased from Nowchem that contain Dangerous Goods.

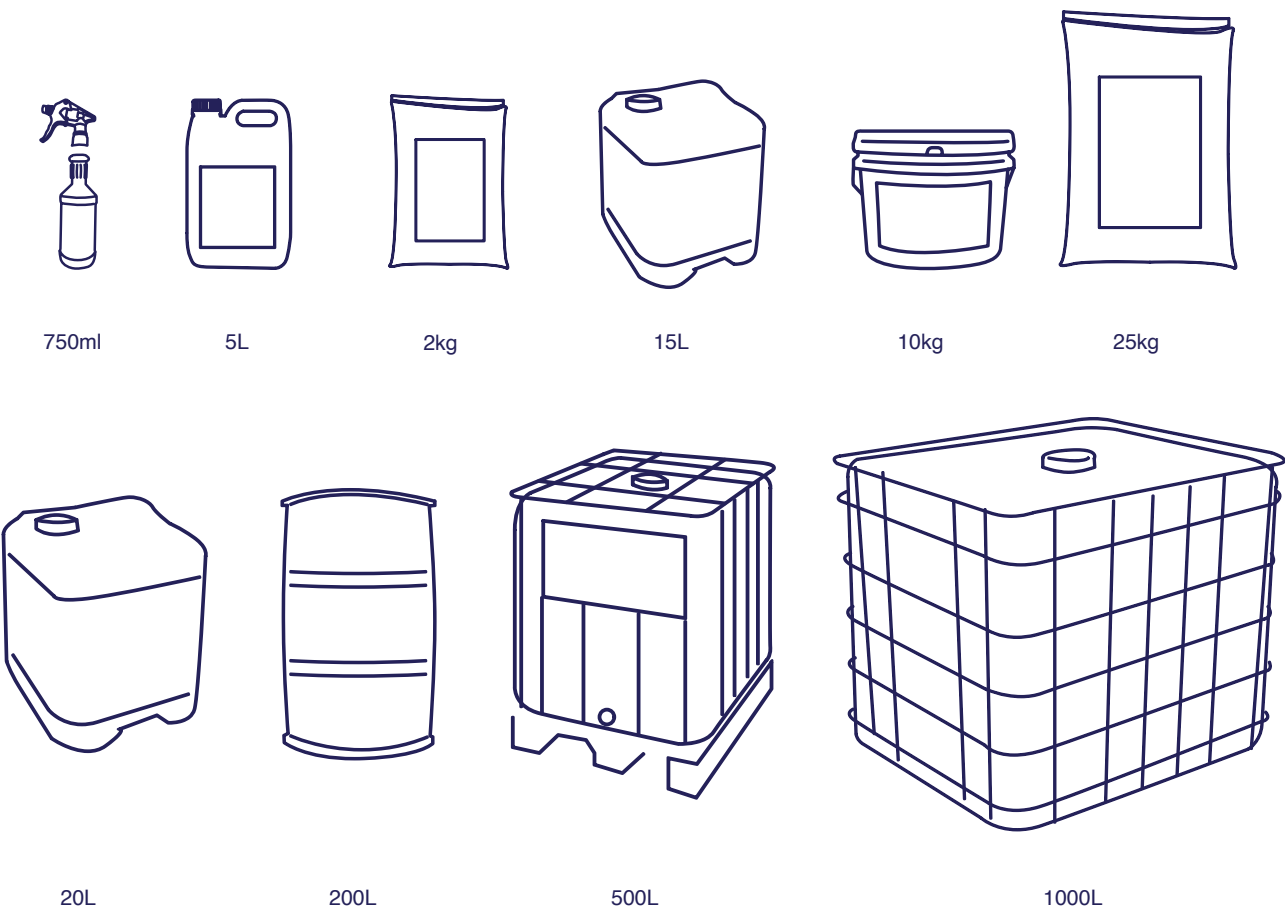

Dangerous Goods are identified by a red banner on our website, in SDS or with the  icon throughout our print materials. If you are unsure about whether a products is classified as Dangerous Goods, please contact our team for clarification.

Incompatible Dangerous Goods will be shipped separately as part of our commitment to meeting the Australian Dangerous Goods Code requirements. You can view the compatibility chart on our website if you are unsure.

# Pack Sizes

Nowchem offers a large range of pack sizes from Intermediate Bulk Containers (IBC), 200L Drums, 20L containers and 5L Bottles. Each product throughout the catalogue will indicate the sizes available for that individual item, alternatively, if you need tanker loads or other sizes, you can contact our team.

# Customer Resources

We offer a range of customer resources on our website such as Safety Data Sheets (SDS), Product information sheets, downloadable posters and customised wall charts.

### Safety Data Sheet

Hazardous, NON-Dangerous Goods

Product name: **Crown X**

Recommended use: Multi purpose water soluble degreaser

Supplier: **Nowchem**  
 112a Albion Road  
 South Melbourne, VIC 3204  
 Australia  
 Telephone: 02 421 4099  
 Email: [sales@nowchem.com.au](mailto:sales@nowchem.com.au)  
 Emergency Telephone number: 02 421 4099, after hours 0421 889 355

**HAZARD IDENTIFICATION**

This material is hazardous according to the criteria of Safe Work Australia GHS 7.

**Signal Word**  
Warning

**Hazard Classification**  
 Eye Irritation Category 2A  
 Skin Irritation Category 2  
 Serious eye irritation

**Precautionary Statements**  
 P102 Keep out of reach of children.  
 P103 Read carefully and follow all instructions.

### PRODUCT INFORMATION SHEET

**CROWN X**

Crown X has been especially formulated for the removal of heavy oil, grease and all on surfaces such as metal, concrete, plastic, rubber and aluminium.

Crown X is a special blend of water soluble solvents and surfactants. This product is ideal for the removal of sticky oils and greases from machinery and equipment. Crown X is also suitable for the cleaning of machinery, tools, tanks and general cleaning applications. Crown X is an excellent water soluble non-hazardous degreaser. Its multi-layered formulation makes it suitable for use through hand pumps and high pressure equipment. Crown X is in solution and is formulated for maximum retention to workers when used through pressure equipment.

**FIRST AID & SAFETY**

Considered a hazardous product. Avoid contact with skin and eyes. Wear gloves and eye protection when handling. Keep out of reach of children. If swallowed, do NOT induce vomiting, give water. If also contact with eyes, hold eyes open and flush with water for a minimum of 15 minutes. Call a Doctor. Refer to Safety Data Sheet for more information.

**FEATURES & BENEFITS**

- Biodegradable and water soluble
- Approved for food industry
- Odourless and non-flammable
- Removes heavy oil, grease and oil

**DIRECTIONS FOR USE**

**Recommended Dilution:** 250ml per 1L of water up to 1000ml per 1L of water depending on soiling. Use water solution for spray or wipe. General cleaning or on floors. For machine areas such as drive belts use stronger dilution. Crown X can be used as a suitable agent for cleaning tiles, showers and bathtubs. Crown X can also be used with a detergent to help clean heavily soiled pots and pans. Start with a weaker solution and slowly make stronger as needed. The most appropriate dilution per 1L will be suitable.

**PACK SIZES**

| Product Name | Volume | Weight |
|--------------|--------|--------|
| 750ml        | 5L     | 2kg    |
| 15L          | 10kg   | 25kg   |
| 20L          | 200L   | 500L   |
| 1000L        |        |        |
